

The Berkeley Tennis Club

Berkeley, California

COURT 1 PROPOSAL
August 2003

The Berkeley Tennis Club
est. 1918

In 2003 The Berkeley Tennis Club commenced a study of how to redesign the Center Court that was built in 1918. Since that time the court has been used as a venue for Davis Cup, the Maze Cup, The Pacific Coast Championships, the California State Championships and many regional Northern California tennis events.

Global was commissioned to assist the Club to develop a Master Plan for a new Center Court. This concept was presented in August of 2003. It is conceived to function as two HarTru courts, convertible to a Tournament court in the middle when required. The project is awaiting Board approval and financing.
