United States Military Academy
West Point, New York

The United States Military Academy at West Point received a generous donation from one of its alumni with the specific aim of improving the spectator viewing areas along the west side of the nine existing courts and developing a landscaped rest area on the south. Global teamed with Eberlin & Eberlin, Landscape Architects and developed a park-like concept for the rest area, and introduced three elegant walls of West Point stone to screen the sitting areas and courts, from the distractions of the existing parking area.
