

Nick Bollettieri Tennis Academy

Charleroi, Belgium

This tennis academy was designed to serve a diverse and multi use market. There are indoor and outdoor courts. The indoor courts are in a fabric frame structure designed to accommodate six tennis courts with a jogging track around the courts. A unique feature of the design is that a stadium seating 6,000 spectators can be seated within the building.

Sheldon Westervelt and/or Alex Levitsky have designed or have been a member of the design team.
