

The Hackley School

Tarreytown, New York

The Hackley School is a very well-respected private school in Westchester County, New York.

The tennis courts were constructed many years ago on the side of a very steep hill and over the years, developed serious cracks due to the slippage of the underlying subsoil. The courts were undersized and the school desired to have regulation sized courts.

Global was engaged to redesign the courts and to design retaining walls to permit regulation size tennis courts as well as spectator seating on the naturally sloped land along one end of the courts.
