

# Masaaki Morita Residence

Saddle River, New Jersey

Mr. Morita is a dedicated frequent tennis player and entertains many well-known tennis players at his residence and tennis court.

The court site was carefully chosen to protect many specimen trees which frame the court. The entertainment terrace at the residence overlooks the tennis court.

Among its many features, the ball throwing machine was hard wired to be operated from the player side of the court. A storage shed was designed to blend with the natural environment.
